25X1	X	The barber has not been permitted to enter the field since this time. A few old men were also observed standing by the flight control station.	
	6.	On 31 August, the field was not occupied by Soviet Air Force and was being used as pasture-land. 1	
25X1X		On 7 September, only a Soviet border guard detail of Unit Pavelyukov from Grossglienicke was stationed at the field. No aircraft were observed on the landing field or in front of the hangars. A civilian guard was posted at the gate of the barracks installation. The guard personnel who wore SED badges had been detached from Falkensee. 2 On 17 September, letters were observed in the quartering buildings of the former unit of auditor Malkov (fnu). The civil guard personnel at the gate of the barracks installation said that the airfield would soon be occupied by KVP, with green service colors. 3	25X1B
	8. -	On 17 September, no aircraft or guard personnel were observed at the field. Four civilians, probably workers, went to a quartering building. Cows were grazing on the landing field. 1	
25X1A	1.	Comment. Staaken airfield has not been re-occupied by an air unit since the transfer to Schoenefeld of the transport regiment between 7 and 12 August 1953. Of the previously observed redio installations only the PKV-45 DF station is still located at the field.	
25X1A	2.	Auditor Pavelyukov was reported previously.	25X1B
25X1A 25X1	3。	Corment. Auditor Malkov is assigned to the transport regiment, which was stationed at Staaken airfield prior to early August 1953. The letters mentioned will be forwarded as soon as the source is able to secure them.
